Important Water Notice

On **Thursday May 16th from 1:00pm to 5:00pm** Fortis Power will be doing repairs on their system that requires them to shut off the power to our main pumping station. To maintain water for domestic use and a reserve for fire protection, the Keremeos Irrigation District will be implementing **Stage 4 water restrictions**. This means that for the above noted time period: **No outside water use will be permitted.**

We thank you in advance for your patience and cooperation in this matter.
